COTTON MARKET BREAKS.

Government Report Causes Net Decline of 31 to 34 Points.

The government's first monthly cotton report of the season, giving the average of the crop at 7.2 the season, giving the average of the crop at 7.2 per cent, and reduction in acreage at 11.4 per cent, was preceded and followed by active selling and excitement on the Cotton Exchange yesternay. The market was weak from the opening under active pressure, and before the report was issued July sold off to \$15, October \$22, and December \$.34. ediately following the announcement of the covernment figures, there was great confusion on the exchange, due to the New-Orleans market, which shot up over 29 points, causing a rally of the spoints here. This, however, was speedily lost. It developed later that the average con, on was selved in New-Orleans at 75.2 instea. of 77.2. July sold off to 8.10 in the New-York market, a de-duction of the self-speedily of about 24 points and om Thursday night of about 24 points, and half a cent from the high point of last market closed steady in tone, but at just the lowest prices, a net decline of 31 to 34. The total sales were estimated at 750.000

FIND BONDS IN SAND.

Stolen Securities Discovered by Workmen Unloading Car.

Bedford, Ind., June 2.-Workmen engaged in unloading a car of sand found several bundles of papers, which proved to be bonds and securities valued at \$300,000. They were identified as the property of the Wilmington (Ill.) Bank, which was robbed of the papers and \$2,500 cash on May 9. The papers have been returned to the bank.

INJUNCTION REMOVED.

Chicago May Give Notice to Oust Traction Companies.

Chicago, June 2,-Municipal ownership of street railways here is now awaiting action by the Supreme Court of the United States on the validity of the so-called ninety-nine year act, which, it has been claimed, would give the street railway companies control for nearly half the century. Judge Grosscup to-day refused to continue the temporary injunctions to prevent Mayor Dunne and the City Council from proceeding with municipalization pending a de-rision from the United States Supreme Court. Judge Grosscup's refusal leaves the city ad-ministration free to give notice to oust the trac-tion companies from streets on which, it is claimed, franchises have expired.

"AMERICAN YACHT REGISTER" OUT.

Much Information for Those Interested This Year's Edition.

With the opening of the yachting season comes the new volume of "The American Yacht Register," published by Lloyd's Register of Shipping. Though only in its third season, this book is already well known in all parts of the United States and Canada as the standard work of reference for yachtsmen Many changes have taken place in yachting property since last season. The growing popularity of the gasolene motor has led to the conversion of many sailing craft into auxiliaries. Among these are the Cup defenders Mayflower and Priscilla and many of the smaller yachts.

The register this year contains 3,389 yachts, of which 2,130 are sailing craft and 1,259 are propelled by steam or other power. There are 1.440 private signals of yacht owners, and fifty-nine colored plates of burgees of yacht clubs. There are also a list of 3,160 yacht owners, with their addresses and clubs; the names of the designers and builders of the United States, and a list of the signal letters of the yachts.

C. M. SCHWAB INSPECTS IRON WORKS.

Report That He Will Start a Steel Plant at Wharton, N. J.

[BT TELEGRAPH TO THE TRIBUNE.]

Morristown, N. J., June 2.—Business men of Doter, Wharton and neighboring places are agitated
for the visit of Charles M. Schwab and Joseph Wharton to the mines and furnaces of the Wharton Property yesterday. According to rumor, a steel plant is soon to be added to the works at Wharton, tractically doubling the population and business at Wharton. Messrs. Schwab and Wharton made the hip to the iron works from New-York in Mr. schwab's big automobile. They inspected the fursaces at Wharton and the mines at Hibernia and Mount Hope, and then returned to New-York. property in Morris County, and at Wharton has

Mr. Wharton is the owner of most of the mining bree of the largest and most modern iron furnaces three of the largest and most modern iron furnaces in the world. In the mines and works he employs learly five thousand men, and keeps them busy all the time. The Wharton properties are not under the domination 6, labor unions. The men all work welve hours a day, and receive the highest wages held to men in that line of work.

In the last few years George J. Gould has made several visits to the Wharton furnaces and mines, with the idea, it is said of inducing Mr. Wharton of erect a steel rail mill at Wharton, in order that he Gould railroads might secure steel rails independently of the Steel Trust.

OPPOSE A TARIFF WAR. | POST WILL HEAD FIGHT.

Strong Movement Against One by German Manufacturers.

[FEOM THE TRIBUNE PUREAU.]

Washington, June 2 .- A strong movement has already begun in Germany to avoid a tariff war with the United States. The State Department is informed by Consul General Guenther at Frankfort that the Association of Saxon Manufacturers has written to its members, asking their opinion as to the probable effects of the new treaties on the manufacturing and exporting interests of Germany. Of the 357 firms which have so far replied, nine expect favorable results from these treaties, ninety-seven think that conditions will not be much affected by them, and 251 believe the export trade will be seriously injured and to some countries will be-

come almost impossible.

The convention of merchants at Bremen, Con-The convention of merchants at Bremen, Consul General Guenther reports, has declared in favor of continuing the "most favored nation clause" with transoceanic countries, as otherwise tariff wars might ensue which would injure Germany's shipping interests, her manufacturing and export trade, and give her competitors great advantages in foreign markets, which, once lost, are hard to regain.

PROMISE FIVE CENT CALL.

Atlantic Telephone Company After Twenty-five-Year Franchise.

The Atlantic Telephone Company, with a capital of \$5,000,000 and backed almost wholly by business men outside New-York, made application to the Board of Estimate and Apportionment yesterday for a twenty-five-year franchise. It was a sort of franchise day before the board, interested people taking advantage of the Elsberg law giving the board power to grant franchises. There were four other applications for franchises.

Alderman Sullivan, who as acting president of

the Board of Aldermen sat in the Board of Estimate, declined to vote on any of the franchise propositions, and told the board that there would be aldermanic opposition to action by the Board of Estimate.

The Atlantic company asked authority to lay wires, erect conductors, etc., in the city of New-York, to "conduct a general telephone, telegraph and telautograph business." The company asks and tenantograph obsiness. The control of the form of the for twenty-five years, with a readjustment of terms at the end of that period, and agrees to furnish telephone service at five cents a call. The letter of application says that the company has already seventy-five thousand subscribers in the city. It is signed by A. B. La Far and J. A. L. Carapbell, counsel and directors, and announces that Joshua D. Powers, president of the United States Trust Company, of Louisville, is president of the company. All the other directors whose names are given are Louisville men. Counsel for the company, when seen last night

The Atlantic company was organized in 1901, and at that time we got about seventy thousand contingent subscribers. The price is put at five cents a call to popularize the telephone. We believe that fully 250,000 telephones would be in use in this city if the rate was made reasonable. The plans are by Lewis Dunham, under whose supervision independent telephone lines were built in Baltimore, Pittsburg and Philadelphia. The detailed plans are drawn by Arthur V. Abbott, electrical engineer for the Westinghouse-Church-Kerr Company. We expect to give an unlimited house service for \$36 a year and an unlimited business service for \$36. The city is to have five hundred free telephones, and the rental is to be based on our gross earnings, 1 per cent for the first two years, 2 per cent for the next three years, and 4 per cent for the next three years, and ependent lines in the last six years, some of them in Utica, Tolado, Syracuse and Louisville, The directorate includes George Mitchell, a Call-

JUDGMENT FOR \$447,673.

Commonwealth Trust Company Held for Shipbuilding Securities.

Judgment was entered in the Supreme Court yesterday in favor of Harry T. Gause for \$447,673, and against the Commonwealth Trust Company. In his complaint the plaintiff alleges that he owned \$240,000 of the first mortgage bonds of the United States Shipbuilding Company, and preferred and common stock each. He placed these with the Trust Company of the Republic, and they were to be sold in a year. The plaintiff declares that the Trust Company of the Republic controlled these stocks for a year and never made an acthese stocks for a year and never made an accounting to him, and when the year had expired the bonds and stocks were practically worthless, as in the mean time the Shipbuilding Company had gone into the hands of a receiver.

The judgment entered yesterday was virtually by default, as the Commonwealth Trust Company, sued as the successor of the Trust Company of the Republic, failed to put in an answer, and only demurred to the complaint.

STOCK TRANSFER TAX IN EFFECT.

Brokers Supplied with Stamps, and Business Proceeds as Usual.

The Stock Transfer tax, which levies a duty of \$2 on every hundred shares of stock transferred in this State, became operative yesterday, but was without effect in restricting business in Wall Street. Most of the Stock Exchange members had purchased a supply of stamps in advance at the Bank of the Manhattan Company, the fiscal agent of the State, so there was little confusion. The burden of the tax falls heaviest on the floor traders, but it will doubtless take some time for its real effect to be seen.

Several brokers predict that the tax will be a several process predict that the tax will be a benefit, in that it will tend to lessen "wash" sales. Sales for cash and regular sales yesterday came alike under the operation of the new law, but all sales made on Thursday which were deliverable yesterday were exempt from duty. Suits to test the constitutionality of the Transfer Tax law will, it is believed, soon be brought.

FASTEST LONG DISTANCE TRAIN.

Philadelphia, June 2.-The Pennsylvania Railroad New-York and Chicago which will have the fastest schedule of any long distance train in the world schedule of any long distance train in the world.

It will make the run in each direction in eighteen hours. The new train is to be established to meet the increasing demand for a faster service between the chief commercial cities of the country.

The great expenditure made by the Pennsylvania system in the last few years properly to care for its largely increased traffic by building independent freight lines and straightening and shortening its passenger lines has enabled it to inaugurate this fast service and to maintain it without difficulty.

Organized Attack To Be Made Against Labor Unions.

Chicago, June 2 .- C. W. Post to-day was elected to the presidency of the National Citizens' Industrial Association of America at a meeting of the executive committee. This action was taken at the request of Mr. Parry, the former president, who wished to be relieved.

Wollowing his election Mr. Post named James A. Emery, of San Francisco, as secretary of the association, the headquarters of which will be in New-York City. The association, Mr. Post declared, would at once begin the organizing of citizens' associations in every city and village in America.

"These local branches," said Mr. Post, "will mass the citizens for the protection of their business interests, to insure the individual personal

liberty of each person against the overt acts of labor unions, and to guarantee the continuous operation of the industries of the country."

The executive committee of the association tonight sent a telegram to United States Senator Platt, president of the United States Express Company congratulating him on the attitude he Company, congratulating him on the attitude he has taken in the teamsters' strike in Chicago. The message declares that any change in the stand taken by the express companies would be detrimental to the public interests.

TRY TO SWELL ASSETS.

Merchants' Trust Directors to Sell Stocks Taken for Loans.

A dozen of the old and new directors of the Merchants' Trust Company struggled for two hours yesterday with the problem of realizing on the stocks on which the company had lent enormous sums. They hope to make such a showing of assets that the court will not make the present receivership permanent. No decision was reached yesterday, and the meeting

was adjourned to Tuesday next at 4 o'clock. The directors who attended the meeting departed separately, but all said they had been pledged to secrecy. Reporters were referred to William B. Ellison, of No. 71 Breadway, the attorney of the company, in whose private office the meeting was held. Mr. Ellison said there would be no statement until after Tuesday's meeting. It was learned, however, that a proposition to underwrite the stock of the Hudson Valley Company was brought up for the consideration of the directors. It is said on good authority that the company has a cash offer of \$750,000 for this stock, and that several persons desire to purchase it.

Jacob L. Phillips, president of the company, attended yesterday's meeting, but departed an hour before the adjournment. Edwin Langdon, a former president took a prominent part in

the discussion and was one of the last to leave the conference. Thomas L Feitner, former tax commissioner, who presided at a meeting of the stockholders, held Thursday night, at the Savoy Hotel; George E. Fisher, who promoted several of the companies which sold heavily to the companies of the companies of the companies which sold heavily to the companies of the pany; Cassius M. Wicker, Dr. John P. Munn and eGorge C. Batcheller were other directors present. Frank J. Gould was not present, nor was he represented.

RUMOR OF CHANGE IN C. F. I. CONTROL.

Moving of Transfer Office Starts Story That Gould Interests Predominate.

The transfer office of the Colorado Fuel and Iron company, at No. 26 Broadway, in the Standard Oil building, has been removed recently from the four-teenth floor to the Bowling Green Trust Company, on the first floor. The fact that the change of site takes the office from Standard Oil domain to a

takes the office from Standard Oil domain to a Gould institution has set Wall Street rumors afloat. The gossip is that the Rocketeller interests have resigned from the directorate in favor of the Gould party. None of the so-called Rockefeller directors, however, would either deny or affirm this conjecture yesterday.

The directors of the Colorado Fuel and Iron Company are George J. Gould, E. H. Harriman, James H. Hyde, Edwin Hawley, F. J. Hearne, James H. McClement, Benjamin Nicoll, O. W. Oglebay, John D. Rockefeller, Jr., Frederick T. Gates, E. Parmelee-Prentice, D. C. Bearman and Starr J. Murphy. There was a contest for control of the company several years ago, which precipitated a clash between Mr. Gould and Mr. Harriman, but harmony was restored.
